

Miguel Ángel Ballesteros Zafra

DIGITAL PROJECT MANAGER

Digital Production · Cross-functional Delivery · AI-Enabled Workflows

Madrid, Spain · mabz.miguel@gmail.com · linkedin.com/in/miguelballesteroszafra · mabz-miguel.github.io

PROFESSIONAL SUMMARY

Digital Project Manager with 20+ years across digital production, 3D/CGI, XR, design and emerging technology. Combines hands-on production fluency with end-to-end delivery: translating business needs into requirements and practical solutions, coordinating creative, technical and business profiles, and managing scope, quality, timelines, estimates, budgets and stakeholder alignment. Currently at Accenture Marketing Operations, working across content QA, estimation, GenAI enablement and workflow automation.

CORE COMPETENCIES

Project Delivery Methods — Agile/Scrum foundations (Google PM), requirements, dependencies, QA and delivery follow-up.

Scoping, Estimation & Budgets — Project scope, cost estimates and project budgets from direct studio ownership.

Digital Production — 3D/CGI, XR/AR, realtime, UX/UI, content workflows.

AI-Enabled Delivery — GenAI adoption, automation, lightweight prototyping and enablement.

Stakeholder Management — Discovery, alignment, workshops, client and business communication.

Cross-functional Coordination — Creative, technical, production and business profiles.

Workflow & Process Design — QA systems, estimation frameworks, handoffs and standardisation.

PROFESSIONAL EXPERIENCE

Assistant Manager · GenAI Adoption & Digital Innovation

2022 – Present

Accenture Marketing Operations — Madrid, Spain

- Coordinate multidisciplinary technical, creative and business profiles across digital-production and innovation initiatives; led a five-person automotive CGI interior-lighting function with onboarding support, quality review and delivery consistency.
- Translate operational needs into practical solutions, working systems and internal tools, including an Intelligent Content QA System and a reusable project-estimation framework.
- Design and facilitate stakeholder workshops to diagnose issues, align priorities and turn findings into actionable next steps.
- R&D and automation initiatives contributed to a 25% reduction in operational costs, 40% faster time-to-market and productivity increases of up to 40%.
- Support GenAI adoption through the GenAI Hub and internal enablement, including practical production workflows and ComfyUI training.

UX/UI Designer · XR Expert · Digital Experience

2020 – 2022

Accenture Song / Fjord / Interactive — Madrid, Spain

- Delivered immersive and digital-experience projects for international clients, including realtime showrooms, XR/AR, UX/UI and product communication, collaborating across design, technology and production.

Founder · Digital Studio Director

BlackSheepStudio — Spain

2014 – 2020

- Created and directed the studio, leading digital, interactive and visual projects end to end from client need and requirements through final delivery.
- Managed client relationships, project / product definition, scope, cost estimates, project budgets, planning, production, quality, timelines and final delivery across multiple industries.
- Coordinated external collaborators when required and balanced client expectations, costs, scope and production requirements throughout delivery.

Art Director · Graphic Designer · 3D Specialist

Agencies & Creative Studios — Spain

2003 – 2014

- Built the hands-on foundation behind current project work across design, branding, advertising, UX/UI, 3D/CGI and digital production.

SELECTED PROJECTS

Intelligent Content QA System: Functional, reusable system for AI-assisted web-content validation, comparing master vs. pre-production outputs and structuring reusable QA criteria.

Marketing Operations Estimator: Reusable estimation framework using complexity drivers, assumptions, dependencies and benchmark logic to improve planning consistency.

Automotive CGI Production & Team Leadership: Led the interior-lighting function for a five-person CGI team, supporting onboarding, reviewing quality and maintaining delivery consistency for a global premium automotive brand.
